

A Pilot Career Offers

Fulfillment

Imagine spending each day amongst the clouds, surrounded by dazzling vistas while traveling above some of the most beautiful landscapes.

As a licensed pilot, you'll not only enjoy your job, but you'll also gain the prestige, respect and admiration that pilots naturally attract.

Job Security

The demand for well-qualified pilots continues to expand. According to the Boeing Company: "...the world's airlines will need an additional 466,650 trained pilots over the next 20 years."*

CFA History

About Us

California Flight Academy (CFA) is a world-renowned flight school that has trained thousands of students from all parts of the globe. Graduates have successfully become Airline Pilots, Charter Pilots, Flight Instructors, Military Pilots, and many other careers that require the unique skill of operating an aircraft for hire.

CFA is approved by the Federal Aviation Administration. This means you can trust our facilities, aircraft and curriculum. Our flight instructors will provide you top-quality training and the best experience possible.

Courses & Ratings at CFA

As an FAA-approved school under parts 61 and 141, we are pleased to offer the following:

- » Private Pilot
- » Instrument Rating
- » Multi-Engine Rating
- » Commercial Pilot
- » Certified Flight Instructor (CFI)
- » Certified Flight Instructor - Instrument (CFII)
- » Multi-Engine Instructor (MEI)

Take Your Pilot Career To Greater Heights

THE CFA DIFFERENCE

Reputation of Excellence

Since 1989, CFA has set itself apart as a leader in the pilot training industry. With over 100,000 flight hours completed and successful graduates all over the world, our track record soars.

Credentialed, Experienced Flight Instructors

CFA flight instructors are carefully selected with the right certifications, credentials and experience. Their success is ultimately measured by your success as a graduate.

Optimally Maintained Aircraft Fleet

CFA airplanes are maintained above industry standards by our on-site FAA-certified mechanics. Safety is our number-one priority.

Comprehensive, Engaging Training Experience

As a CFA student, you'll not only receive the FAA-required number of dual and solo hours, but you'll also complete ground instruction, computer-based training, and flight simulation.

World-Class Facility & Optimal Flying Conditions

Located in San Diego, CA, CFA's air strip is well-maintained and includes an FAA control tower. San Diego's beautiful climate make it one of the most ideal places to fly with 320 sunny days per year.

“When once you have tasted flight, you will forever walk the earth with your eyes turned skyward, for there you have been and there you will always long to return.”

- Leonardo Da Vinci
